Certificate of hoisting equipment Chainmaster

The undersigned certifies on behalf of this company, that below particulars are correct and that the described hoisting equipment and all the used parts are according to the regulations of the EG Machinery Directive 2006/42/EG, appendix II-A. The assembling, examination and test was carried out under supervision of à competent engineer.

Manufacturer:	Chainmaster	Hoist parts and access.	ок
Description:	Chainmaster D8 1 Ton HH. 24 meter	handles	1
Dimensions:	chain diameter 7 x 22 mm parten 1	casing	1
Material:	steel + aluminium	chain bag + safety	1
Heat treatment:	non glowing	power plug	1
Identification number:	E00216	power cord	1
Certificate Rent-All-number:	127	-	
		Regular Test	ок
Strength		dead end stopper	 Image: A second s
Proof load applied:	12,5 kN	screw connections	1
Working load limit:	1000 KG	hook suspension	1
Safety factor:	4:01	chain	1
		hook tackle / block	1
Manufacturing date:	1/29/2014		
Date of last test :	2/10/2020	Inside inspection	ок

Certificate of hoisting equipment Chainmaster

The undersigned certifies on behalf of this company, that below particulars are correct and that the described hoisting equipment and all the used parts are according to the regulations of the EG Machinery Directive 2006/42/EG, appendix II-A. The assembling, examination and test was carried out under supervision of à competent engineer.

Manufacturer:	Chainmaster	Hoist parts and access.	ОК
Description:	Chainmaster D8 1 Ton HH. 24 meter	handles	1
Dimensions:	chain diameter 7 x 22 mm parten 1	casing	1
Material:	steel + aluminium	chain bag + safety	1
Heat treatment:	non glowing	power plug	1
Identification number:	G04851	power cord	1
Certificate Rent-All-number:	217		
		Regular Test	ок
Strength		dead end stopper	 Image: A second s
Proof load applied:	12,5 kN	screw connections	 Image: A second s

Certificate of hoisting equipment Chainmaster

The undersigned certifies on behalf of this company, that below particulars are correct and that the described hoisting equipment and all the used parts are according to the regulations of the EG Machinery Directive 2006/42/EG, appendix II-A. The assembling, examination and test was carried out under supervision of à competent engineer.

Manufacturer:	Chainmaster	Hoist parts and access.	ОК
Description:	Chainmaster D8 1 Ton HH. 24 meter	handles	1
Dimensions:	chain diameter 7 x 22 mm parten 1	casing	1
Material:	steel + aluminium	chain bag + safety	1
Heat treatment:	non glowing	power plug	1
Identification number:	G12307	power cord	1
Certificate Rent-All-number:	232	,	~
		Regular Test	ОК
Strength		dead end stopper	1
Proof load applied:	12,5 kN	screw connections	~
Working load limit:	1000 KG	hook suspension	~
Safety factor:	4:01	chain	~
		hook tackle / block	~
Manufacturing date:	1/18/2017		
Date of last test :	1/24/2020	Inside inspection	ок
* Datenotation used :	MM/DD/YYYY	electric wiring	1

Certificate of hoisting equipment Chainmaster

The undersigned certifies on behalf of this company, that below particulars are correct and that the described hoisting equipment and all the used parts are according to the regulations of the EG Machinery Directive 2006/42/EG, appendix II-A. The assembling, examination and test was carried out under supervision of à competent engineer.

Manufacturer:	Chainmaster	Hoist parts and access.	ок
Description:	Chainmaster D8 1 Ton HH. 24 meter	handles	~
